NEW

GW-1: Goat Wrench Plus

With Built-in Hammer & Dual Socket Combo

Features & Benefits:

- *Multi-size, no-adjust, open-end wrench design provides quick access and ratcheting style functionality in tight spaces*
 - *Loosen and tighten most square, hex, and nut hardware up to 1-1/4"*
- *Includes the 2 most popular 12pt size sockets – 9/16" and 3/4"*
- *Black Teflon coating for corrosion resistance*
- *Up to 13% lighter vs. the competition*
- *Forged steel construction for strength and durability – no moving parts*
- *Built-in milled face hammer*
- *12" length provides extra leverage*
- *Ideal for Overhead Distribution, Transmission, and Substation work*

Ideal in tight spaces
