

NEW

LMP-1: 9" High Leverage Lineman Pliers with Crimper and Secondary Gripping Surface

Features & Benefits:

- *Lineman Pliers cut #2 ACSR and #1/0 AAAC including screws, nails, and most hardened wire*
- *Built-in crimper for insulated and non-insulated terminals and serrated secondary grip*
- *High-leverage design. The pivot point is closer to the cutting edge for increased cutting and gripping power*
- *Forged steel construction for maximum strength and durability*
- *Induction-hardened knives for efficient cutting and long life*
- *Cross-hatched knurled jaw surface for secure grip on all materials*
- *Soft-grip handles for a comfortable and secure grip*
- *Plastic dipped handle design for easy access in and out of the tool belt*

4 Tools in 1: Plier + Side Cutter + Secondary Gripping Surface + Crimper
