

PKS-2: Pocket Knife Sharpener

Features & Benefits:

- Sharpens linemen (hawkbill), straight, serrated, and safety blades
- Preset sharpening angles provide guaranteed results - Coarse carbide blades quickly restore and set the edge, while fine ceramic stones refine it to a razor-sharp finish
- Built-in diamond-coated rod sharpener designed for serrations, standard edges, small hooks, & safety corners.
- Lanyard hole and carabiner for ultimate versatility and security
- Super compact – only 3.5" long x 1" wide and weighs less than 1 ounce
- Product is displayed in a countertop box for impulse sales
